Cosmetic Dentistry

We perform many cosmetic dental services utilising a holistic foundation. For example, wherever possible, we use non-metal crowns and bridges so as not to invoke any galvanic effects. We also incorporate specific homoeopathic remedies to aid healing.

Services include:

- ◆ Teeth whitening
- ◆ Gum lifts
- ◆ Grafting and recontouring
- ◆ Porcelain veneers
- ◆ Crowns and bridges
- ◆ Cosmetic recontouring
- ◆ Rebuilding of teeth
- ◆ Dental implants
- ◆ Bonded composite restorations
- ◆ Smile makeovers.

For additional information please visit:
